WEDNESDAY, MARCH 20, 1902.
FOR RAYCH
FLAVIUS O. BEAL.

Representative Beal offered a resolution to the House, Tuesday, asking the House to take a holiday on Monday, the 19th, in honor of the late President McKinley. The resolution was passed by a vote of 219 yeas to 191 nays.

The bill relative to the Bangor and Brewer bridge has been signed by the Governor. It provides for the appointment of a commission by the Governor to select a site for the bridge, and to construct the bridge at that site.

The action of the Legislature, which authorized the construction of the bridge, has been approved by the Governor. The bridge will be constructed at a cost of \$1,000,000, and will be completed in 1903.

of last year under the old tariff. The same may be said of manufactured articles intended for use in the mechanical arts, while there was an enormous fall-off in free imports of articles of food and live animals, the amount being only about one-half as much in the last six months as in the corresponding months of last year. On the other hand, there was a marked increase in this class of articles under the dutiable list.

One other point which may be mentioned as to the movement of our foreign trade under the new law relates to exports. The effect of the tariff reforms was that, with a reduced tariff, our relations with other parts of the world would be much improved as to the export of our goods. But certainly the first half year does not make haste to fulfill that assurance. Not only are the great countries of Europe closing their ports against our most important exports, such as wheat and other foodstuffs, but the tariff reforms have not yet had time to take effect.

It has produced a constant deficiency in revenue, while the McKinley law produced a constant surplus until the McKinley law of 1901, which increased the duties on many of our exports. It has increased the percentage of duty on the total imports.

WANT THURSTON RECALLED.

STATED THAT HAWAIIAN GOVERNMENT IS ASKED TO REMOVE HIM.

SEVERAL FRANK REMARKS ATTRIBUTED AS THE CAUSE.

THURSTON AND GRESHAM REFUSE TO DISCUSS MATTER.

WASHINGTON, March 19. Intimations have been made in general well informed circles for some days to the effect that Mr. Thurston, Hawaiian minister, has not been altogether person grata to the ruling authorities in Washington.

Various circumstances justify the almost positive assertion that representations have been made to the Hawaiian government that the friendly relations between it and the United States would be better served by the recall of Mr. Thurston than otherwise. The impression prevails that correspondence between the department and the minister attested the request for Mr. Thurston's recall.

Some persons express the opinion that several frank and emphatic remarks dropped from time to time by the Hawaiian minister were not regarded strictly correct, and that the Hawaiian government, Minister Thurston and Secretary Gresham to-night refused to discuss the matter.

A lumberman in speaking about the driven on the Kaimuki, said that he has seen years ago when there was but little snow and the drives were the most successful, from the fact that the swamps were filled with water. Indications are that this winter will prevail this spring.

Prof. R. B. Hall, formerly of this city, now of Waterville, has returned from Albany, N. Y. There is a rumor about that the Waterville Military Band has made him an offer which he considers better than that of Albany. He has neither the money nor the time to make anything public at present.

The stockholders of the Bangor and Piscataquis Railroad Company will hold their annual meeting in the Common Council Room, City Hall building, on-day at 10 A. M. for the following purposes: First, to elect a board of directors for the ensuing year, second, to act upon any other business that may come before the meeting.

In the window of the store of Lyford & Watson is a pen and ink portrait of Edward R. K. Thompson, late of Bangor, and a small portrait of a woman, probably his wife. The portrait of the man is a very favorable character. It is very skillfully drawn and the likeness is excellent.

Mr. Whitton has much ink and has shown it in this portrait. Pen and ink work is very difficult, on account of the shading and expression.

As the train from Bangor was about two miles east of Bangor station Monday the body of a man was discovered near the track. One foot was badly mangled and the right hand cut off. The body was beaten down all around the corpse.

The man was about thirty-five years of age, thick set, with short, light brown hair, and wore a dark suit. He was wearing a watch chain and a pocket watch. He was wearing a watch chain and a pocket watch.

The year 1895 will be remarkable both for the astronomical and religious point of view. On Good Friday next, April 12, the heavenly bodies which gravitate round the sun will be in exactly the same position as they occupied in the first year of the Christian era, on the cross. It will be the first time such a thing has occurred since the great day, just 1,862 years ago.

That was the thirty-third year of the Christian era, which dates from the birth of Jesus Christ.

The usual amount of money was raised for town purposes.

LOCAL MATTERS.

KILLED HIS BROTHER.

SENSATIONAL FRATRICIDE IN THE TOWN OF CARMEL.

EDWARD K. THOMPSON STRUCK BY BILLET OF WOOD.

IN THE HANDS OF CHARLES T. THOMPSON.

THE VICTIM, CRAZED BY DRINKING HARD CIDER.

ATTACKS HIS BROTHER AND HIS BROTHER'S WIFE.

The principal topic of conversation on the street yesterday and a matter which attracted the entire conversational attention at Carmel yesterday was the fratricide which occurred at that town and which is a most unhappy and unfortunate affair.

The fact that was known of in Bangor yesterday morning after the arrival of the 4 A. M. train.

Upon the train came Charles T. Thompson, of Carmel, who killed his brother Edward K. Thompson, in charge of Constable Sampson and Schoolman Haskell.

Thompson was taken to the police station and locked up in a cell in the upper part of the town hall.

They took the 7 A. M. train for Bangor and after arriving at the railroad station had to drive about five miles to the Thompson place, the scene of the fratricide, which is about ten miles from Bangor by way of the Lumber road.

The residence is a story and a half house and there are several outbuildings.

The house had been the home of the family for many years.

It was a small, two-story house, with a porch in front.

WANT THURSTON RECALLED.

STATED THAT HAWAIIAN GOVERNMENT IS ASKED TO REMOVE HIM.

SEVERAL FRANK REMARKS ATTRIBUTED AS THE CAUSE.

THURSTON AND GRESHAM REFUSE TO DISCUSS MATTER.

WASHINGTON, March 19. Intimations have been made in general well informed circles for some days to the effect that Mr. Thurston, Hawaiian minister, has not been altogether person grata to the ruling authorities in Washington.

Various circumstances justify the almost positive assertion that representations have been made to the Hawaiian government that the friendly relations between it and the United States would be better served by the recall of Mr. Thurston than otherwise. The impression prevails that correspondence between the department and the minister attested the request for Mr. Thurston's recall.

Some persons express the opinion that several frank and emphatic remarks dropped from time to time by the Hawaiian minister were not regarded strictly correct, and that the Hawaiian government, Minister Thurston and Secretary Gresham to-night refused to discuss the matter.

A lumberman in speaking about the driven on the Kaimuki, said that he has seen years ago when there was but little snow and the drives were the most successful, from the fact that the swamps were filled with water. Indications are that this winter will prevail this spring.

Prof. R. B. Hall, formerly of this city, now of Waterville, has returned from Albany, N. Y. There is a rumor about that the Waterville Military Band has made him an offer which he considers better than that of Albany. He has neither the money nor the time to make anything public at present.

The stockholders of the Bangor and Piscataquis Railroad Company will hold their annual meeting in the Common Council Room, City Hall building, on-day at 10 A. M. for the following purposes: First, to elect a board of directors for the ensuing year, second, to act upon any other business that may come before the meeting.

In the window of the store of Lyford & Watson is a pen and ink portrait of Edward R. K. Thompson, late of Bangor, and a small portrait of a woman, probably his wife. The portrait of the man is a very favorable character. It is very skillfully drawn and the likeness is excellent.

Mr. Whitton has much ink and has shown it in this portrait. Pen and ink work is very difficult, on account of the shading and expression.

As the train from Bangor was about two miles east of Bangor station Monday the body of a man was discovered near the track. One foot was badly mangled and the right hand cut off. The body was beaten down all around the corpse.

The man was about thirty-five years of age, thick set, with short, light brown hair, and wore a dark suit. He was wearing a watch chain and a pocket watch. He was wearing a watch chain and a pocket watch.

The year 1895 will be remarkable both for the astronomical and religious point of view. On Good Friday next, April 12, the heavenly bodies which gravitate round the sun will be in exactly the same position as they occupied in the first year of the Christian era, on the cross. It will be the first time such a thing has occurred since the great day, just 1,862 years ago.

That was the thirty-third year of the Christian era, which dates from the birth of Jesus Christ.
